## MOUNTAIN ARTS DANCE ENSEMBLE

Directed by Donna Massari and David Wood with Kristin Moore

---

### MUSIC & MOVEMENT (4 year olds)

Tuesdays: 4:00 - 4:45pm

This exciting dance preparatory program, specifically for 4-year-olds, is an outgrowth of work done by the Directors as Artists-in-Residence for the Wolf Trap Institute for Early Learning Through the Arts. Through music, dance and creative drama techniques the children improve self-awareness and build self-motivation, foster group awareness and social competencies, develop gross and fine motor skills, increase enthusiasm for learning, improve ability to concentrate and observe and foster individual creativity.

**Attire: Girls - pink leotards and tights; Boys - tee shirt and shorts**

### PRE- BALLET (Kindergarten)

Tuesdays: 4:45 - 5:30pm

**Attire: Girls - pink leotard and tights and pink ballet shoes; Boys - white tee shirt, black shorts and black ballet shoes**

### PRIMARY DIVISION

With basic beginning level Ballet & Tap techniques, emphasis is placed on building confidence, strength and poise. ### CHILDREN'S JAZZ (age 8-11)

Tuesdays: 6:15 - 7:00pm

This popular class uses the terrific contemporary music and fun that jazz involves on a scale suitable for this age group.

### JUNIOR JAZZ (age 10 - young teens)

Thursdays: 6:15 - 7:15pm

A jazz class gives you permission to express your personal self. Jazz class can free the spirit, clear the mind and make the world outside the studio seem a better place.

**ADULT / TEEN TAP & MUSICAL THEATER**

**Tuesdays: 7:30 - 8:15pm**

Have you ever seen a sad tap dancer? Tap dancing is fun and *anyone* can learn the essentials. Body shape and age do not influence your ability to enjoy tap dancing. This is America's true folk dance and an excellent introduction to Musical Theater dancing.

**New** **TAP CLASS**

Popular Jazz teacher Kris Moore is offering a new tap class starting in January. This class is designed for ages 10 to young teens. Prior tap experience is helpful but not required. A chance to learn the essentials or expand your knowledge of the very popular American dance form.

These well co-ordinated and relaxed body movements are slow and uninterrupted like a flowing stream and moving clouds. The mind is tranquil but alert, with consciousness directing the body movements. Deeper abdominal breathing is performed in rhythmic harmony with body movements, creating a unified flow of energy.
